THE WANT AD SEES MORE PEOPLE IN ONE DAY THAN YOU CAN SEE IN A MONTH

ACTRESS WANTS TO STAY AT HOME

Domesticity Prized by Mary Manning Above Lure of the Footlights; Will Devote Time to Building Houses.

New York, Nov. 3.—Mary Manning, who in private life is Mrs. Frederick E. Wadsworth, the wife of a Detroit millionaire, has decided to quit the stage and go into model house building. She has come to the conclusion that she cannot be an actress and live an ideal domestic life. She may at times, however, consent to accept a short engagement in New York if some particular part calls her.

ARTIFICIAL CHIN IS BEING GROWN

Young Tennessee Farmer Allows Arm to Be Robbed of Bone to Build New Section of Face.

Memphis, Tenn., Nov. 3.—While double chins are common, new chins are not and the cause of a young Tennessee farmer who is having one built to order for him is without parallel in medical history. With his right arm bound over his head, so that the thick part of the upper arm is pressed firmly across the chin, J. Allen Hart, a young farmer from Milan, Tenn., lies at the City hospital, undergoing a most remarkable operation, probably the first of the kind ever performed in Memphis. It is to graft the living flesh of the arm onto the face, that a chin may be formed.

HOBBLE SKIRTS WIN DISTINCT VICTORY

Connecticut Trolley Cars Will Lower Steps to Allow Women With Tight Models to Board.

Hartford, Conn., Nov. 2.—Two steps, a double running board on open trolley cars, or some similar satisfactory solution of the high curbside problem, practically was promised by General Manager Punderford, of the Connecticut company, which operates all the trolley cars in the state. This was the result of a lively hearing before the new public utilities commission. It was a victory for the women who attended, headed by Mrs. John T. Sterling and a big delegation from Bridgeport, who were supported by expert testimony of noted physicians. Dr. Ansel G. Cook of Hartford, head of the American Orthopedical society, said his patients always did better when they walked straight than when they put a tremendous strain on the ligaments of the knee by getting in a car. He had no approval for hobble skirts or high-heeled shoes. The women, however, showed that they must wear what was in vogue. Letters from women were read, complaining of the annoyance of having to lift tight skirts high to the knee and also of the hazard involved. Manager Punderford said that his company was anxious to co-operate with the patrons of the road.

will pay out a similar amount next year, if not more. Mayor Thum believes in many theories and to carry them out he foots bills that an average council would object to. All of the independent undertakings have been paid from his own money. The mayor is known throughout the country as the nation's "fly paper king." He and his father invented the sticky trap for flies and from its manufacture made \$1,000,000 each.
